Dear Mr. Doyle:

Our office has received your annual Poultry Feeding Operation inspection that was conducted on December 23, 1999. Based on the March 1998 soil test results no litter should have been applied to field #3. Please do not spread any further litter on this field. Additionally, the laws and rules of the Poultry Feeding Operation Act require all registered poultry operations to submit a copy of your Animal Waste Management Plan to our ODA office. When you receive your AWMP, please send it to our office.

An ODA Inspector has been asked to conduct a follow-up inspection. Should you have any questions, please contact our office.

Respectfully,
